

# 2017 GRADE 7+ NETBALLERS

## Why Not Play Women's Netball in 2017

Are you going to be in high school next year? Did you know you can play in the Women's netball roster in 2017? If you are keen to play more netball next year you are eligible to play secondary netball with your school and women's netball with one of our clubs or you can make up your own team. Women's roster starts early February, so make sure you get in touch with one of the clubs mid-January so the Clubs have time to nominate.
